FEEL LOOKED AFTER

“Puka Park Resort was an ideal location for our conference. The venue was at a very high standard and the food in Miha Restaurant was excellent. The team at Puka Park Resort were helpful from the initial planning right throughout the conference. All our requests were covered, even opening the restaurant early in the morning for us to watch the All Blacks.”

PORSCHE NZ

.....

“Year on year we find it increasingly difficult to find a location for our Barkers Annual Conference that gives the wow factor and can handle all of our requirements. Puka Park Resort outperformed in all areas. Such a beautiful location and matched with the excellent service and care taken we, couldn't be happier with our choice. I thoroughly recommend this venue and would love to visit again”

BARKERS

.....

“Just a short note to say thank you, to Puka Park Resort for hosting our annual strategic planning workshop.

Many of our people and especially representatives of our new French owners had not experienced Puka Park Resort previously and were “blown away” by its setting in natural bush and the high standard of the facilities. The service and attention to our needs provided by the Puka Park Resort staff was excellent and much appreciated.”
